5. White House Memorandum
Regarding Certain U.S.
Foreign Intelligence Objectives

a. Noted a 17 June memorandum on the subject from Mr. McGeorge Bundy, as read by the Chairman and distributed to each Board principal at the meeting.

b. Noted that the Chairman asked each USIB member to give individual consideration to the request in the memorandum for any specific recommendations which the heads of the several intelligence agencies might have for further strengthening the U.S. foreign intelligence effort in the areas dealt with in the attachment thereto.

c. Noted the Chairman's statement that he wished to discuss with the members at the next USIB meeting a procedure for preparation of the report requested in the memorandum.

6. Need for Special Estimative
Coverage Regarding South
Vietnam

The Chairman referred to the memorandum for USIB regarding an SNIE on South Vietnam which had been circulated for telephone concurrence by USIB-D-13.1/13. The Acting Chairman, Board of National Estimates (BNE) reported that most of the USIB members had concurred in the recommendation in that document with the exception of the Air Force member, who had not concurred.

The Chairman proposed that, in light of the new problems in South Vietnam since the above-mentioned memorandum had been circulated, the Board of National Estimates and the USIB representatives should prepare an SNIE on the political situation in that country. Such an estimate might take into account the implications of GVN action to restrict U.S. activities, GVN relations with the U.S., and the Buddhist problem.

Following general discussion of two problems which Mr. Hughes raised with the members in this executive session, the USIB:
